品牌介绍 Brand Introduction

Pilgrim's Europe 是英国最大的高福利养猪户和可持续生产的优质猪肉产品生产商。
Pilgrims’ Europe is the UK biggest higher welfare pig farm co-operators and producer of sustainably produced quality pork products.

作为 Pilgrim's Pride Corporation 的一个部门，我们的业务是世界上最大的食品公司的一部分，其团队在 100 多个国家/地区销售新鲜、冷冻和零售预制食品。
As a division of Pilgrims’ Pride Corporation, our business is part of the largest food company in the world, our business has slaughtering process plants, and deliver fresh, frozen, and value-added food products in the more than 100 countries.

我们很自豪地能与1,000多名英国当地农民合作，他们与我们一样相信动物福利的重要性、养殖效率和质量的最高标准。我们自己的农场是100% RSPCA Higher Welfare，使我们成为全球最大的高福利猪肉生产商，向英国消费者提供市场份额占有 25% 的猪肉。
We are proud of partner with more than 1,000 UK farmers who share our belief in the highest standards on animal welfare, efficiency, and quality. Our own farming operation is 100% RSPCA higher welfare, making us the largest producer of higher welfare pork globally, delivering 25% market shares of total pig meat consumptions to UK consumers.

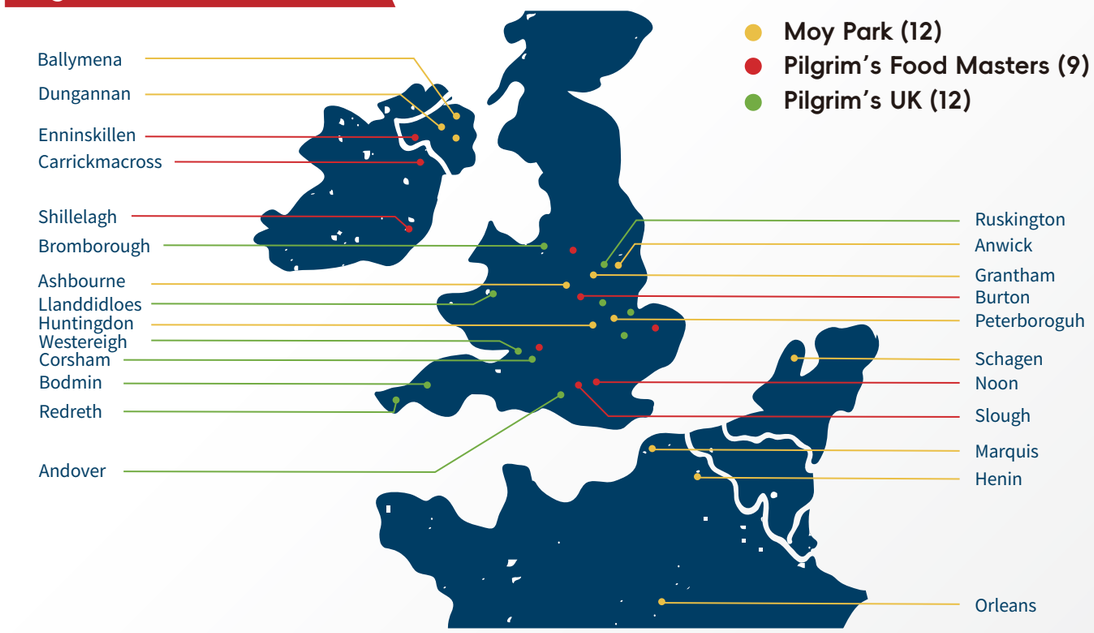

生产供应链 About Us

如今，我们的团队成员在英国的 13 个地点开展业务，包括 3 个屠宰场/剔骨场和 8 个活跃的加工场。其中许多工厂都是卓越运营中心，为培根和熟肉片等领域的可持续食品生产设定了标准。
Today, our team members operate across 13 sites in the UK including three abattoir/deboning sites and eight active processing sites. Many of those sites are centres of operational excellence, setting the bar for sustainable food production in area such as bacon and sliced cooked meats.

我们的高福利食品生产业务由四个生产基地组成，致力于为英国知名高端连锁超市Waitrose提供高质量的猪肉和羊肉产品。
Our higher welfare food production operation consists of four manufacturing sites dedicated to serving Waitrose with high quality pork and lamb products.

食品安全
Food Safety and Quality Assurance

在Pilgrim's Europe，食品安全不仅是首要任务，而且是必要条件，我们致力于将人类、食品安全性、资源可持续性、动物福利和食品质量作为我们前瞻性业务的基础。

At Pilgrim’s Europe, safety is not just a priority but a condition, and we are committed to people, safety, sustainability, animal welfare and quality as the foundations of our forward-looking business.

通过创新和其他有效的改善，我们继续提高我们运营的整体可持续性，包括发展循环废物经济，并最大限度地减少废物和水的使用。

Through innovation and other efficiencies, we continue to improve the overall sustainability across our operations, including developing a circular waste economy, and minimising waste and water usage.

((NET ZERØ))
2040

A COMMITMENT TO FEED THE CHANGE.

可持续发展
Sustainability

可持续发展指公司的运作基于对自然资源的合理使用、对食品安全与动物福利的考量、对内部规范的遵守和建立更紧密合作关系的意愿。

JBS和Pilgrims积极承担企业社会责任，将以卓越的管理方式、社会及环境管理实践促进可持续发展。

Sustainability refers to the operation of the company based on the rational use of natural resources, consideration of food safety and animal welfare, compliance with internal regulations and the willingness to establish closer cooperative relationships.

JBS and Pilgrims actively undertake social responsibilities, and will promote sustainable development with excellent management methods combining with social and environmental practices.

净零排放 Net Zero

JBS提出到2040年实现净零排放的目标，为此JBS将采取减少各单位温室气体排放、投资创新等战略措施。

Climate change is one of the greatest challenges nowadays and JBS will take strategic measures, namely reducing greenhouse gas emissions of each unit and investing in innovation to achieve Net Zero by 2040.

生态效益过程 Eco-efficiency

JBS的核心目标始终围绕用创新和生态高效的方式完成可持续的用水管理、废物管理、温室气体排放（GGE）以及能源管理。

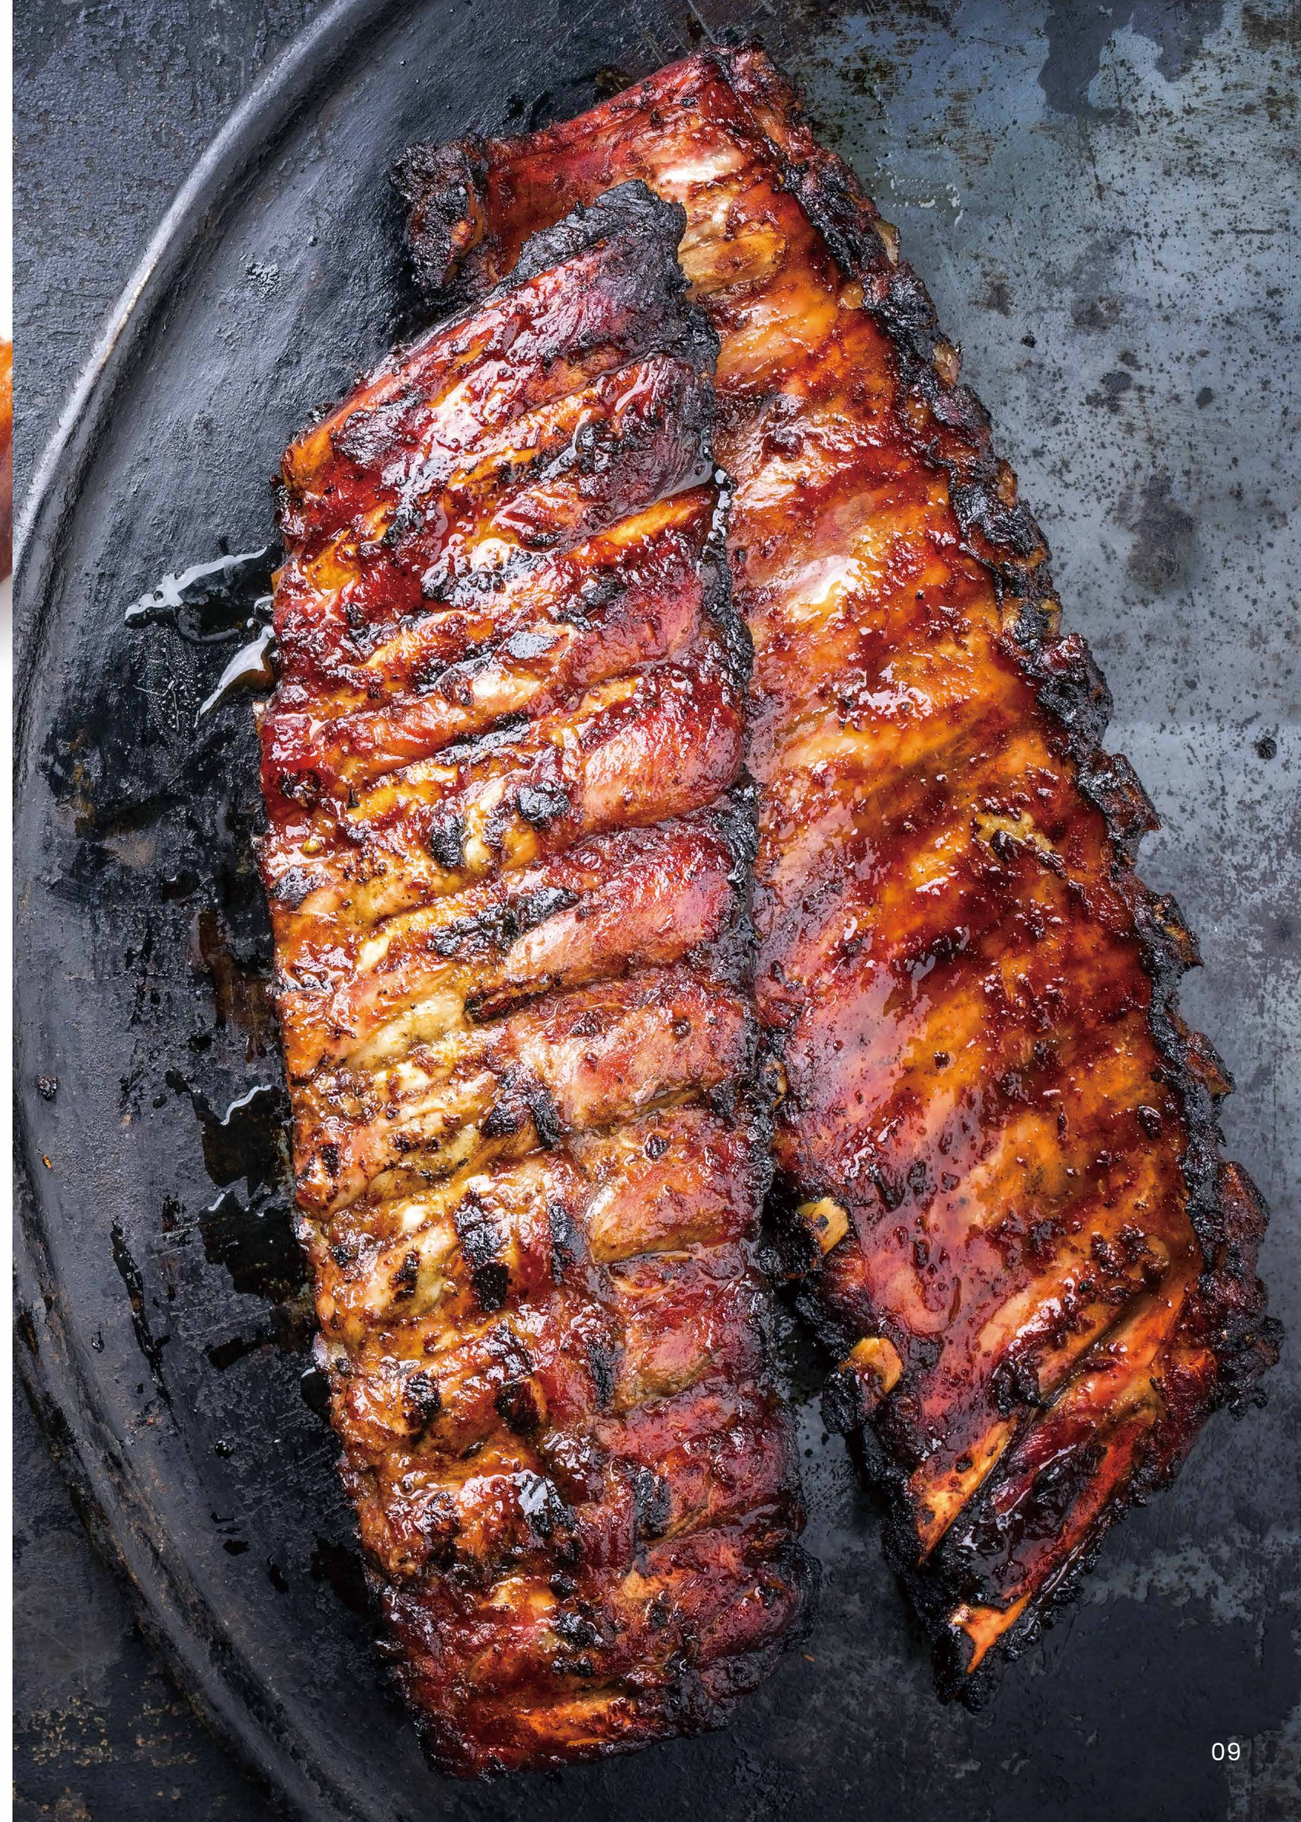

JBS engages in environmental management taking into account the rational use of resources and the treatment of the waste produced from its operations, where the focus is always on innovative and eco-efficient solutions to sustainable water management, waste management, greenhouse gas emissions (GGE) and energy management.

亚马逊基金 Amazon Fund

JBS创立了亚马逊基金，旨在推动与资助维持亚马逊生态系统可持续发展、鼓励对森林的保护和可持续利用、通过技术与应用科学提高亚马逊原住民福祉等倡议与项目。

The JBS Fund for the Amazon is dedicated to promoting and financing initiatives and projects whose aim is the sustainable development of the Amazon Biome, encouraging the conservation and sustainable use of the forest, improvements in the quality of life of the population residing there and development by using technology and applied science.

HAMPSHIRE

品种介绍 Breed Introduction

独特的基因 Unique Genetics

父系育种是汉普谢尔。
一种英伦从 1800 年开始培育的本土品种，名字的起源来自于英国乡村郡 “汉普谢尔” 生产线。
The Sire line is Hampshire.
A British Native Breed from the 1800’s, originating from the English country of ‘Hampshire’, hence the name.

主要的特征包括：
The Key Features of this line include:

大体重下的高瘦肉率;

Excellent lean gain at heavy weights.

高肌肉含量和非常好的白条质量,生产出高质量美味的肉质, 从而提供令人愉悦的食用体验;

High muscle content and excellent carcass quality results in well-textured meat and a thoroughly enjoyable eating experience.

研究表明，汉普谢尔猪的肌肉内脂肪明显高于其他品种。

Research has shown that Hampshire pigs have significantly higher intramuscular fat than other breeds

食用高品质的优点 - IMF
Eating Quality Benefits – IMF

增加的肌内脂肪(IMF)在肉里和肉的品质还有食用体验感有直接的联系，IMF的数值越高说明肉的品质更加鲜嫩，美味和多汁。
Increased Intramuscular Fat (IMF) in meat is directly linked to better eating quality and experience. Higher IMF levels results in excellent tenderness succulence and flavour.

高动物福利和可溯源以及安全性极高，抗生素极少
High animal welfare and traceability as well as a very high safety profile with very few antibiotics
